

MAGNUM FORCE

TRAFFIC FILM REMOVER

- **Powerful formulation**
- **Fast action - saves time and labour**
- **Concentrated product for economy**

USES

A highly concentrated alkaline pressure washer additive, used at 0.8% dilution at the nozzle.

Controlled foam level to ensure a free-rinsing finish and effective degreasing.

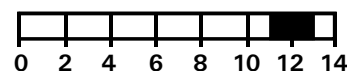

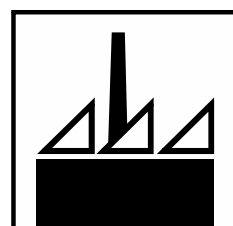

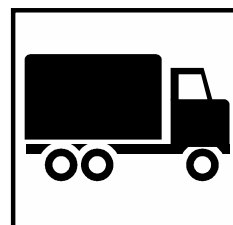

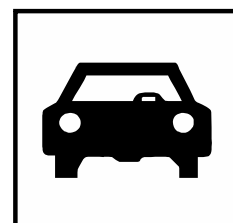

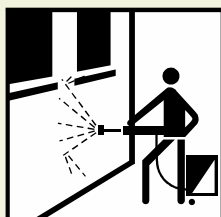

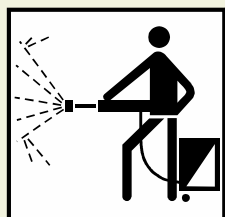

Excellent for removing heavy layers of traffic film, grease and dirt, and ideal for removing built-up grease in the engine compartment.

Used throughout the automotive industry for cleaning all makes of cars, vans, lorries, tankers, curtain-sided vehicles and commercial vehicles. MAGNUM FORCE is recommended for cleaning vehicles involved in the transportation of meat and food stuffs, as it is non-tainting and odourless.

DIRECTIONS

Dilute with water according to the area to be cleaned. Pre-dilute MAGNUM FORCE before filling the detergent feed tank. Adjust the detergent feed rate to achieve the cleaning action required. Apply to the surface using pressure washer equipment. Rinse off immediately with plenty of clean water.

N.B. DO NOT ALLOW MAGNUM FORCE TO DRY OUT ONTO SURFACE OR STAINING MAY RESULT.

PACK SIZES

20L

DILUTIONS

MAGNUM FORCE : WATER		
Heavy Soil 1:1	Medium Soil 1:4	Light Soil 1:8
